W.E.P is a 30 day Weather Emergency Program from **MyBuddyCheck**, that is designed to be, easily and quickly, activated whenever there is a severe weather threat.

MyBuddyCheck automatically creates an in-home monitoring system that allows family & friends to check on loved ones using their own home phone. **MyBuddyCheck** enables notification even if the power or phone lines are disrupted.

Family caregivers get immediate text and email status update messages on their mobile phones.

Stay informed about loved ones condition whether your at home, work, or traveling.
